## BRING YOUR IMAGES TO LIFE

Remember the days of film and flicking through your family albums? It was pretty wonderful wasn't it? A fine art album is such an awesome way to showcase the story of your day. There's nothing quite like holding your wedding album and sharing with family and friends. Each of my albums are created using the finest materials, printed on high quality matte archival paper and crafted with the utmost care and attention to detail. They are bloomin' beautiful if I do say so myself.

With pages that open flat and have an almost invisible crease

## FINE ART BOOK

- ✦ Each page measures approximately 0.5mm thick.
- ✦ The Fine Art Book has a wonderful flexible feel when turning page to page.
- ✦ Printed on matte archival paper using the finest quality papers and inks.
- ✦ Each double page opens flat with an almost invisible crease.
- ✦ Printing across the crease allows for unrestricted layout designs.
- ✦ Each album is printed with your names and wedding date on the cover.
- ✦ All Fine Art Books are packaged by hand and are presented in a natural cotton bag within a eco kraft cardboard box.

## AVAILABLE SIZES

The Fine Art books contain 30 pages (15 double page spreads). As this style of album allows for a more flexible design, the number of images in it can range from 40 - 50. You can add extra pages in multiples of 10 pages (5 spreads). The maximum amount of pages in each Fine Art book is 100 pages (50 spreads).

## COVER PERSONALISTON

Each album comes with cover printing with your names and wedding date positioned in title position or optical centre on the front, methods available are dependent upon your cover choice. I can advise of this and upgrade options are available.

### Cover printing options:

**Laser engraving:** a highly accurate laser removes the materials top layer to reveal it;s natural hue underneath. (Not available on Essential Cotton and Heritage Fabric).

**Cover printing:** printed directly onto the cover in either black or white ink. (White ink not available on Pastel and Bold Fabric).

**Debossing:** as seen opposite, also known as blind blocking or stamping. Traditional methods are used to imprint the letters into the cover without ink or foil. (Only available on Purity, Silk and Leather).

**Foiling:** a really eye-catching finish, as with debossing, letters are imprinted into the material, silver or gold available. (Not available on Heritage Fabric and Silk).

## MINI DUPLICATES

The 6x6" are direct copies of your larger album, and are perfect gifts for family and friends. The albums are made in exactly the same way as the larger Fine Art Books to both look and feel good. Same invisible crease. Same archival quality materials.

Many couples also like a Mini Copy for themselves. It means they, and other people, can look through their photos again and again while their larger heirloom album is put away for safekeeping.

You can match the cover of a mini copy to the main album, or choose a different cover for each one so they're more personal. Included in the price are fabrics from the Pastel, Bold, Heritage, Essential Cotton and Faux Leather ranges with a gorgeous array of colour options.

You can also purchase another larger main album (8x8", 10x10" 12x12") to yours with a discount of 30%.

## ALBUM PRICING

Each artbook is made from exquisite matte finish paper made to last a lifetime. Every book comes with a minimum of 15 spreads (30 pages), a gorgeous fabric cover with your names and wedding date printed on the front. Each presented in a kraft eco box and cotton pouch as standard. Extra spreads and cover personalisation options available. Each can have a maximum of 50 spreads (100 sides).

# THE PROCESS

Ordering an album with me couldn't be easier.

**STEP ONE** Fill in the online order form to place the order with me. I'll send you an invoice, and you can start choosing your images using the heart function in your gallery. For a standard album (15 spreads) choose around 40 images. Additional spreads can be added.

**STEP TWO** When I have your favourite images (around 40 for a standard album) I can get started on your design. This normally takes a maximum of 14 days, although often less during quieter times of the year.

**STEP THREE** I'll send the design to you for proofing. You can ask for any changes to the design at this point by adding comments (usually there are none!). One round of proofing is included in the price, further amendments after this first round is chargeable at £25 p/h for the additional design time.

**STEP FOUR** Once the design is finalised it will be sent to print. Once complete it will be sent to you to get your paws on and to show off to everyone you know, including the postman.

## LETS DO THIS!

Now you know everything you need to know, what are you waiting for? Go rescue your photos from getting lost and lonely online. Order an album and have them to hand, quite literally, to look at again and again, whenever you want to!

If you have any further questions, you know where I am!
